

Cleaning & Maintenance Guideline Exterior Rubber Tiles

A) Post Installation Cleaning:

- Remove dirt and debris left from installation by using a shop-vac
- Tiles are coated with a water-based mold release residue, a natural result of the manufacturing process. This will initially cause slight discoloration and slipperiness.
 - For fast removal, clean with a neutral cleaner, agitate with brush or mop then rinse with water.
 - Exposure to sun and rain will naturally remove this residue, but the process may take up to 4 weeks.
- Keep moveable furnishings, planters, etc off newly installed surface for a minimum of 48-hours. This will allow tiles to be exposed to UV light and ensure even initial color adjustment.

B) General Cleaning & Maintenance:

- Typically, Hero Jungle Gym require less maintenance, routine cleaning and maintenance extends the life and enhances the appearance of the tiles.
- Sweeping and hosing off the surface are the most common methods of keeping the tiles clean.
- If surface is excessively dirty, apply a solution of neutral cleaner and water and agitate with a brush. Rinse with a garden hose
- Do not use a pressure washer to clean tiles
- Do not use solvents of any kind.

C) Indoor Maintenance:

- All food and drink should be restricted from indoor applications.
- Regular dry vacuuming is recommended with occasional damp mopping with very little water.
- In areas subject to food and drink spillage, the tiles should be cleaned as follows:
 - Use a wet-vac immediately to remove as much liquid as possible.
 - Scrub the tiles with a soft brush and a neutral cleaner and rinse with minimal water.
 - Excess water should be drained into the floor drains or use a the wet-vacto clean any liquids that have drained through the tiles.
 - To prevent odor, bacteria growth, etc. all excess liquids must be removed.
 - If necessary, tiles may be removed and cleaned thoroughly.
 - Be sure that tiles are completely dry and free of foreign material before re-installing.
