**V1**

**UNIFORM APPEARANCE**  
Differences among pieces from the same production run are minimal.

**V2**

**SLIGHT VARIATION**  
Clearly distinguishable differences in texture and/or pattern with similar colors.

**V3**

**MODERATE VARIATION**  
While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

**V4**

**SUBSTANTIAL VARIATION**  
Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.
