	ISO - R VALUE	MATTE R9
WATER ABSORPTION	ANSI / ISO	< 0.5%

V1

UNIFORM APPEARANCE
Differences among pieces from the same production run are minimal.

V2

SLIGHT VARIATION
Clearly distinguishable differences in texture and/or pattern with similar colors.

V3

MODERATE VARIATION
While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

V4

SUBSTANTIAL VARIATION
Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.
